

Enpowergrid Electra Series Commercial Grade Power Supply

ENERGY STORAGE

ORCA 2.7

✓ 100% SAFE & RELIABLE

✓ PEAK-SAVING TECHNOLOGY

Save money on
electricity with simple
energy storage.

Highly integrated, liquid cooled energy storage products are perfect for providing safe and reliable energy solutions for industrial and commercial uses, urban parks, buildings, communities, low-voltage platform areas and more.

Uses

- Peakshaving and Load Leveling
- Emergency Backup Power
- Renewable Energy Integration
- Voltage and Frequency Regulation
- Microgrid Application
- Thermal Management and Safety
- Scalability and Flexible Installation
- Cost Efficiency
- Environmentally Friendly

Battery Specs

- DC Usable Energy:** 2.57MWh
- kWh Capacity:** 2703 kWh
- Amp Hours:** 2400 Ah
- Operating Voltage Range:** 880VDC -1284VDC
- Cell Configuration:** 3.2VDC/100Ah
- Charge Temperature Range:** 10°C (50°F) / 45°C (113 °F)
- Storage Temperature Range:** -10°C (14°F) / 30°C (86°F)
- Dimension:** 6058*2438*2896mm (20FT Container)

SKU # EXL103
